

Samsung CLX-6260FD Colour Multifunction Printer

Your one-stop colour MFP for medium-sized work teams

With optional second paper tray

HIGHLIGHTS:

- Fast performance & productivity for jobs of all sizes with its dual core processor
- True colour output on every print job due to polymerized toner and ReCP technology
- Low impact to the environment with features like the eco button and the eco driver
- Maximize the value of print, scan, copy, and fax functions with the easy-to-use features and ingenious time-saving software

Businesses today need to produce a high level of printing quickly and in a cost-effective way. The CLX-6260FD MFPs not only deliver brilliant colour quality, but can also scan, copy, and fax for extra convenience. Plus, a fast Dual CPU, gigabit network support, and instant fusing technology ensure enhanced speed and less waiting time.

Yet what sets it apart economically is the range of cost-effective and innovative features, such as high-yield toner, low energy consumption and Eco-friendly settings. It makes this medium workgroup printer as cost conscious as they come.

SAMSUNG

Boost your output with Samsung's latest print processing

High printing performance

Whatever the size of your print job, the CLX-6260FD will shine with an impressive 17-second first printout time and a speedy 25 pages per minute after that. This means you can focus on what's important rather than wait for your printouts.

A fast Dual CPU, impressive memory, and instant fusing technology brings you incredible output speeds and increased levels of productivity.

High-yield toner cartridges that need less replacement, reduced energy consumption, and low cost per page make the CLX-6260FD a truly economical solution.

Optional Second Cassette Feeder
• 520-sheet capacity

Easy hardware operation and smart software tools that help you manage your printer and documents more efficiently. Features include confidential printing and standard wired network connectivity.

Direct USB Port to print from or scan directly to a USB key.

With super-fine polymerized toner and improved image processing technology, you can produce amazing quality documents for that extra-professional look and feel.

Professional colour printing made easy for you

With the CLX-6260FD, you can increase your entire workgroup's workflow with a range of easy-to-use features and ingenious time-saving software that helps you work smarter and faster.

Easy mobile printing

With the Samsung Mobile Print App*, you can print your regular business documents, pictures and presentations directly from your Android, iOS, or Windows Phone 7 mobile devices with ease.

*Required to be connected to wireless AP or router for mobile printing

Convenient USB printing

With the Direct USB slot located on the front of the device just below the operating panel, you can print from or scan to a USB key right from the device, without the need of a computer.

Easy toner replacement

Toner changes are made easier with a top-loading slide-out drawer. And with high-yield all-in-one toner cartridges, you save not only time but also money.

Secure, confidential printing

If you need to print sensitive data through your printer, you can relax. You can now ensure personal print jobs remain personal. Just enter a password, and you can retrieve a print job at your convenience away from any prying eyes. And with the integrated numeric keypad, it's easier than ever!

Make life simple with the easy document creator

This useful application is to help users scan, compile, and save documents in multiple formats, including .epub. These documents can then be shared via social networking sites or fax. This is ideal if you're sharing notes from an important meeting.

Get the right result before printing

The Samsung Easy Colour Manager allows you to adjust the colour balance, saturation, brightness, or contrast of any image prior to printing, which is perfect for matching the exact colours of your company logo every time.

Take the stress out of print management

For maximum control, Easy Printer Manager lets you manage all your devices from one location. Check device and toner status, re-order toner, change device settings, or set alerts, even through e-mail.

True colour output for every workgroup

Whatever the size of your team, and however busy you are, you can rely on the CLX-6260FD to constantly deliver professional, quality colour output.

Faster with instant fusing

With instant fusing technology, your device can start printing documents with no delay. The result is a **17-second first printout time**, even from sleep mode. And because it doesn't need to warm up completely first, less energy is required for fusing. That saves money and the environment.

Fast data transmission and simple integration

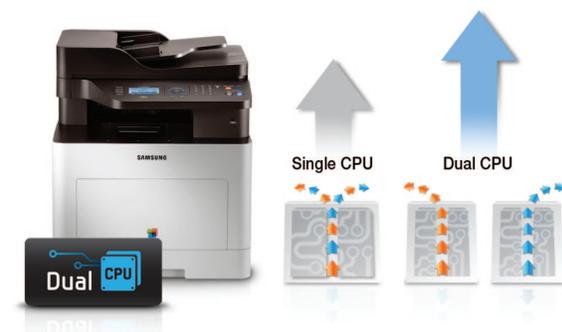

Enhanced Gigabit Ethernet technology lets you enjoy faster transmission of print data over your network. And with built-in emulation for PCL6/5e, PostScript3, and PDF, the CLX-6260FD adapts to businesses with a wide range of software and network requirements regardless of what applications you print from.

Flexible paper handling

If you want to print or copy onto heavier weights of paper, you can. Weights of up to 220g/m² are handled with ease through the 50-page multi-purpose tray as well as the 250-page standard cassette. Plus, with the optional 520-sheet second cassette, you can increase your total paper input capacity to 820 sheets. You can also use up to three different media types without the need to waste time changing paper. You can enhance your productivity further still with the 50-page document feeder that can process single as well as double-sided documents automatically.

Anti-jam roller

Samsung's unique anti-jam friction roller minimizes the risk of misfeeds and paper jams. It allows handling of heavier paperweights and cards of up to 220g/m² from the standard cassette tray.

More power, better productivity

Some days it seems like the printing never ends. With the CLX-6260FD's 533 MHz Dual CPU and 512 MB standard memory (expandable by up to 1 GB), you can be sure that this printer will handle the entire load of your workgroup's needs.

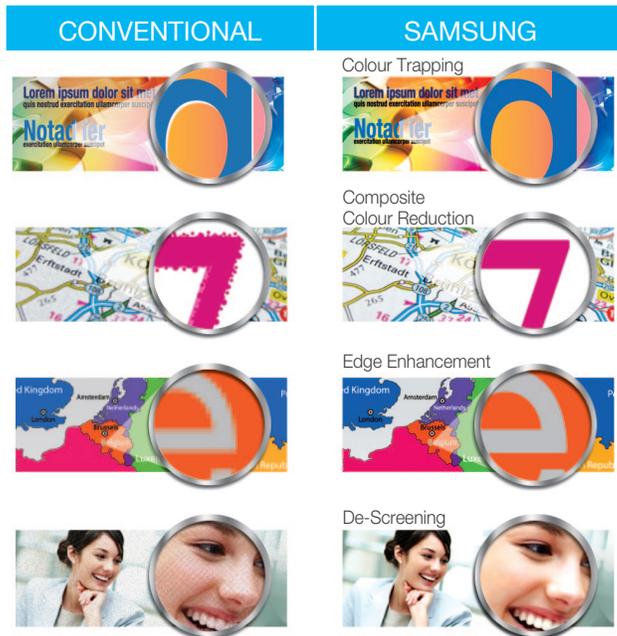

Low cost, low impact on the world

Save toner, paper, and energy with ease – it's good for the environment and it's good for your business's profits. Being economical and printing vibrant colour documents goes hand in hand with the CLX-6260FD.

Enjoy quality printouts

Samsung's unique ReCP (Rendering Engine for Clean Page) technology and up to 9,600 x 600 dpi effective output improves the overall quality and vibrancy of your colour printing, ensuring every printout looks perfect. It automatically sharpens the focus of both graphics and text, while solid objects are overlapped to eliminate white gaps.

Polymerized toner

Our newly developed polymerized toner has smaller and more uniform particles than conventional toner. Your printouts will have crisper lines and more vivid colours in addition to eliminating paper curling. Also, its higher wax content improves the image gloss and enhances the durability, preventing unwanted fading.

See the extra details from pin-sharp images

Don't compromise your print quality. The CLX-6260FD has 600 x 600 dpi at its disposal, which can be further enhanced to an impressive 9,600 x 600 dpi by varying the size and position of the dot itself. This is ideal for giving printouts every bit of detail.

Extra-high yield means extra-low costs

Enjoy professional colour printouts while staying in complete control of your total cost of ownership. Our specially developed higher yield cartridges result in more time between changes and less expense with each printout. Black toner cartridges yield 6,000 standard pages. Yellow/magenta/cyan toner cartridges yield 3,500 standard pages.

Cut costs with duplex printing and copying

With the integrated duplex feature, saving paper has never been easier. That's because the paper is turned automatically so that you can print on both sides. It could mean amazing savings of up to 50% on your paper consumption.

Save money the eco way

Every business sees the need to cut costs wherever it can. With the one-touch eco button and the smart eco driver, printing's easier than ever. Print more on each page with the N-up and duplex functionality, change to toner save mode, skip blank pages, or print in grey scale instead of full colour. With the result simulator, you can even see how much CO², power, and paper you've saved.

Low power consumption

Despite its impressive list of features and functions, the CLX-6260FD consumes less energy than most other models. Its innovative polymerized toner requires lower fusing temperatures. The instant fusing technology saves warm-up time before the first print. Our new Dual CPU makes it one of the greenest devices around today.

Specifications

Model Code	Samsung CLX-6260FD
Print	
Speed (Mono/Colour)	Up to 24 ppm in A4 (25 ppm in Letter)
First Print Out Time (Mono/Colour)	As fast as 17/17sec (from ready & sleep)
Resolution	Up to 9,600 x 600 dpi Effective Output (600 x 600 x 4bit)
Emulation	PCL5c / PCL6C / PS3 / PDF V1.7 / SPL-C (Samsung Printer Language Colour)
Duplex	Built-in
Copy	
Speed	Up to 24 cpm in A4 (25 cpm in Letter)
First Copy Out Time (Mono/Colour)	Less than 17 sec
Resolution	Up to 600 x 600 dpi (Optical) / Up to 1,200 x 1,200 dpi (Enhanced)
Zoom Rate	25 - 400 %
Multi Copy	1 - 999
Duplex Copy	Built-in
Copy Features	ID Copy, N-UP Copy, Book Copy, Watermark Copy, Collated Copy
Scan	
Compatibility	Twain Standard / WIA Standard
Method	Colour CIS
Resolution	Up to 1,200 x 1,200 dpi (Optical) / Up to 4,800 x 4,800 dpi (Enhanced)
Scan to	USB / Email / SMB / FTP / PC / WSD
FAX	
Compatibility	ITU-T G3
Modern Speed	33.6 Kbps
Resolution	Up to 300 x 300 dpi
Memory	6 MB
Fax Feature	Multi-Send / Delayed Send / Secure Receive / Fax Forwarding
Paper Handling	
Capacity and Types (Input / Output)	250-sheet Standard Cassette Tray (Max 820 Sheets) (Input) / 150-sheet Face Down (Output)
Media Size	A4 / Letter / Legal / Oficio / Folio / JIS B5 / ISO B5 / Executive / A5 / Statement / A6 / Index Card Stock / Postcard / Envelope Monarch / Envelope No-10 / Envelope DL / Envelope C5 / Envelope C6 / Envelope No 9 / Custom [76 x 127mm (3.0" x 5.0") ~ 216 x 356mm (8.5" x 14")]
Media Type	Plain Paper / Thin Paper / Thick Paper / Cardstock / Thicker Paper / Hole Punched / Transparency / Pre-Printed / Letter-Head / Recycled / Archive / Bond / Label / Envelope / Cotton / Coloured / Glossy
Capacity (ADF / Envelope)	50-sheet (ADF) / 20-sheet (Envelope)
ADF Document Size	142 x 148 mm (5.6 x 5.8") ~ 216 x 356 mm (8.5 x 14")
General	
Processor	Dual CPU (Main : ARM11 533 MHz / Sub : ARM9 150 MHz)
Display	4-Line LCD
Interface	High-Speed USB 2.0, Ethernet 10/100/1000 Base-TX
Noise Level	Less than 52 dBA (Printing) / Less than 54 dBA (Copying) / Less than 32 dBA (Standby)
Memory/Storage	512 MB (Max 1024 MB)
OS Compatibility	Window 2003 / 2008 / XP / Vista / 7 / 2003 Server / 2008 Server / 2008 Server R2 / Mac OS X 10.4-10.7 / Various Linux / Various UNIX
Monthly Duty Cycle	60,000 Images
Dimension (WxDxH)	420 x 452.5 x 476.8 mm (16.5" x 17.8" x 18.8")
Weight	24.8 kg (54.68 lbs.)
Power Consumption	450 W (Average) / 16 W (Standby) / 1 W (Sleep Mode)
Consumables	
Black Toner Cartridge	Standard Toner Cartridge Yield: 2,000 Standard Pages (Ships with 2,000 Pages Starter Toner Cartridge), High Toner Cartridge Yield: 6,000 Standard Pages *Declared Yield Value in accordance with ISO/IEC 19798
Yellow/Magenta/Cyan Toner Cartridge	Standard Toner Cartridge Yield: 1,500 Standard Pages (Ships with 1,500 Pages Starter Toner Cartridge), High Toner Cartridge Yield: 3,500 Standard Pages *Declared Yield Value in accordance with ISO/IEC 19798*
Transfer Belt	Approx. 100,000 Pages
Waste Toner Container	Approx. 14,000 Pages (Mono), 3,500 Pages (Colour)
Option	
Options	520-sheet Cassette / IEEE 1284B Parallel Connector / 1 GB Memory
